Observations... From Around Town

(BY JAY WHOZIT)

The City Commission Council published several notices asking for bids on various items, a few of which follow: One two-door sedan to be used as a Police Squad Car; parking signs; fire hose; repair work on the City Hall roof among others. . . . a notice was also published warning that 1948 taxes are due and become delinquent after February first, which is next Tuesday, the new administration is really getting down to business. . . . folks it isn't too late to make your contribution to the March of Dimes, because you must always remember that the child you help—MAY BE YOURS—the Bay High Parent-Teacher Association which sponsored a Carnival Parade and celebration in Bay St. Louis last Mardi Gras Day hope to repeat the celebration this year, in view of the fact that last year's outing was such a success. . . . Mardi Gras Day this year falls on March first and there is little time left to prepare, and anyone interested is asked to get in touch with the committee in charge. . . . Saint Stanislaus and Bay High School renew their athletic rivalry for 1949 on next Thursday night when their boxing teams meet at Bay High Gym in what promises to be a swell exhibition. . . . also you sports lovers don't forget the basketball game on Friday night, February 4th, when the Jax Girls of New Orleans, (World Champions) meet an all-men team from the Trade School. This game is sponsored by the Knights of Columbus. . . . while we're thinking of it, Mayor Carver, there is one other thing we want to call to your attention—if you walk down the block of Washington Street from Hancock to the Beach on a dark night you will see without being told that there is a crying need for at least one other street light in that block because you practically have to "feel" your way along and one of these nights someone is going to fall and break some of their limbs. . . . Al Voight's presentation to the public of the 1949 Chevrolet, last Saturday, at his place of business was really "big time," congratulations, Al, and it is a swell-looking job. . . . Mississippi's tax revenue for 1948 showed a gain of more than \$7,000,000 over the previous year, which at this time puts Mississippi in the best financial condition in its history. . . . in 1948 the State Highway Department used 27,763 gallons of paint to paint 1,610 miles of center lines over Mississippi highways. . . . Thanks Mr. Mayor for the light on the Beach, at the Highway. . . . your action and attention to this will probably mean the saving of life.

Keno Game at Knock-Knock Club For Benefit of March of Dimes

A keno game will be played at the Knock-Knock Club on Tuesday night, February 1st, for the benefit of the March of Dimes Fund. Meeting Held With Board of Supervisors To Discuss Hospital Plans

The Board of Supervisors of Hancock County, the Mayor and Commissioners of the City of Bay St. Louis, Dr. Bedford Floyd, Chairman of the Doctors Committee, T. T. Robin, President of the Hancock County Chamber of Commerce, and Ralph Bean and Eugene Mogabgab of the firm of Shourds, Bean and Mogabgab, Architects, met at the courthouse on Monday January 17th, for the purpose of discussing a proposed hospital for Hancock County. The construction would cost approximately \$300,000.00, and would be a 30-bed hospital. Under the present plans the Federal Government contributes one third of the costs, the State of Mississippi one third, and the County and other governmental subdivisions the other third. The meeting on Monday was held for the purpose of starting the discussions as to the preliminary plans and to discuss the various phases with the architects, who would work on a plan, contingent upon the hospital being built. It was proposed that the local money would be raised as follows: The county contributing \$50,000.00, the

Pupils of Home Making Department Present Program at Central School P. T. A. Meeting

Mrs. J. E. Erwin, head of the Home Making Department of Bay High, was in charge of the program at the January meeting of the Central School P. T. A., Monday, January 17. Mrs. Erwin presented two of her pupils who explained the various types of work that the department embraces. Janelle Van Trier, freshman, gave a brief synopsis of work completed and yet to be done during the current school term. She explained each phase of domestic art and science covered. The making up of hospital beds, table settings, table manners, home decoration, furniture arrangements are part of the course. Barbara Ann Burrow and Lyndal Heitzman who modeled self-made aprons, were presented. Luke Scian gave a brief talk on the work covered by the four boys enrolled in Mrs. Erwin's class and what experience they had gained along with the fun they had had in the work. Luke was wearing the shirt he had made.

Shirley Favre, Joyce Creel and Joyce Middleton were then presented by Luke and they modeled wool suits they made in class. Mrs. Erwin told of the way the department is supported financially and the selection of teachers for the work. Both state and federal government as well as counties and cities furnish funds for the department. She exhibited some charts and gave

the parents and teachers valuable hints concerning wise selection and buying of household linens. In the regular business session the organization went all out for the putting on of the Mardi Gras Day celebration; a meeting has been called for final arrangements.

Officers of Local REA Co-op To Attend Convention in New York

John S. Rester, Harvey Burks, and Fred Ladner, Directors of the Coast Electric Power Association, with Hardin H. Shattuck, Manager of the Co-op will leave Friday night, January 26th, for New York City. They will attend the annual meeting of the National Rural Electric Cooperative Association, which will be in session from Monday through Thursday of next week. On the way back they will stop in Washington, D. C., on Friday to attend to some business for the local Co-op, and will return next Saturday night.

Miss Clara Reed spent the past few days here at Hotel Reed. She left Sunday night for her home in Starkville. Miss Reed, former member of the Bay High Faculty, has many friends here who enjoyed her visit.

AN EDITORIAL

The preamble to ordinance 118 adopted by the Mayor and Commission Council of the City of Bay St. Louis, states: "Whereas, the Mayor and Board of Commissioners of the City of Bay St. Louis have determined that the laws and ordinance of the City of Bay St. Louis, prohibiting the unlawful possession and operation of games of gambling tables, commonly called A. B. C., E. O., Rouge et noir, Roredo, Slot Machines and other games or gambling devices, by reason of the attitude, feeling and sentiment on the part of a large segment of the citizenry of the City of Bay St. Louis, Mississippi, whose support is absolutely essential to the enforcement of such laws and ordinances, are ineffectual in discouraging and prohibiting the possession and operation of gambling devices in the City of Bay St. Louis, and that as a result of such general violation of the law, there now exists a condition that is deemed harmful to the general well being of the citizens of the community; and

Whereas, it is the belief of the Mayor and Board of Commissioners of the City of Bay St. Louis that such unlawful possession and operation will be impeded by the levying of taxes upon such undertakings, and that thereby the relief which cannot be obtained by ordinary criminal, legal process can thus be obtained; and Whereas, it is the declared policy of the City of Bay St. Louis, to correct and eliminate as rapidly as possible, the condition aforementioned, and to discourage the unlawful possession and operation of gambling devices such as A. B. C., E. O., Rouge et Noir, Roredo, Slot Machines, and other games or gambling devices, etc., and the Board of Mayor and Commissioners being of the opinion, that by virtue of the police power vested in the City of Bay St. Louis, that the council has the right and authority to make, ordain and declare the following:

Mayor Carver, you introduced this ordinance, and when you did, you cast an indictment on the people of our City who elected you to office by a splendid majority, and who have had untold confidence in you. You charge that their attitude, feeling and sentiment are ineffectual in discouraging and prohibiting the violation of the laws, and that there now exists a condition that is deemed harmful to the general well being of the citizens of the community.

You are the chief law enforcement officer of the City, by virtue of your office as Mayor, and as such you are the police commissioner. It is your duty as Mayor to enforce the laws, particularly if they are so flagrantly violated, that it is harmful to the general well being of the community. You took an oath on January 3rd., 1949, that should still be fresh in your memory. On that day you raised your hand and swore that you would support the Constitution of the State of Mississippi and the laws thereof; and yet a few days later, you stated in writing and offered your council a resolution which embodied a charge that the law was so flagrantly violated that a condition existed that was deemed harmful to the well being of your constituents, and you have made no effort to correct it.

Of course we cannot help but agree that a condition does exist, which is harmful to your community, and it certainly cannot be charged to your people as a whole, but must be laid at the doorsteps of a few unscrupulous men. The operation of their gambling devices may not be the cause of so much of the harm you speak of, as it is the payment of graft and bribery, by these men to public officials charged with the enforcement of the law. You stated further in your resolution that the unlawful possession and operation of gambling devices would be impeded by the levying of taxes upon such undertakings.

You could not be serious in that statement. It is a reflection upon the intelligence of your constituents. You are the law enforcement officer of the City of Bay St. Louis. You can impede the operation of gambling devices through your offices. A sixty dollar a year tax will not impede such undertakings, as you state, but will encourage it.

You have done a great job in helping to build your Chamber of Commerce to where it is a worthwhile organization. You have urged many worthwhile steps that have been taken by this organization, particularly, have you made every effort to encourage people to come into our midst since your election; yet, you say in writing to your own people: THERE IS A CONDITION EXISTING THAT IS HARMFUL TO THE WELL BEING OF THE CITIZENS OF BAY ST. LOUIS. That is bad publicity. How can you expect others to come here? How can you expect them to invest their money in our community if you as the chief law enforcement officer of the City make this charge? And your only effort to clear it up is to levy a tax of \$60.00 per year with the hope that it will impede such undertakings.

Mr. Mayor, through our years of association with you, we have come to look upon you as we would one of our own sons. We have cherished your sincerity, friendship and loyalty, and have watched with admiration your success step by step, from the days of your early manhood. We were as elated as you were, when you realized your cherished ambition to become Mayor of the City of your birth. We know that you by-passed offers of support for offices, where the salary would have probably doubled your salary as Mayor, with the thought uppermost in your mind to serve as Mayor, in order to render your City a service. We know that you are courageous, and it takes a man of courage to admit that he is wrong, and to retrace his steps if he is able to visualize his mistake.

Check with yourself and see if you have not been misled in the introduction of this ordinance with the charges contained therein. You have a splendid opportunity to render a service to your people. Your motion will mean its repeal, and then by your good offices you can clear up the harmful condition presently existing.

MEETING HELD TO PLAN MARDI GRAS FESTIVITIES

A group of public spirited citizens and City Officials met with Bay High School Trustees, members of the Faculty and P. T. A. members to plan for Mardi Gras Festivities, to be held in Bay St. Louis, Tuesday, March 1st.

Plans were completed in which the general public will be called upon to participate in behalf of the young people of this community and Hancock County.

Each Grade Teacher at Bay High has been asked to enter a "float" representing their class. All other schools in the city, along with the rural schools, have been, or will be contacted to have a representative in the Parade. Businesses, organizations, and clubs will be approached by members of the Parade Committee to participate. Entries in horse and bicycle groups are to be encouraged. Cash awards and classifications will be announced later.

It is a day planned for the pleasure of the children and enjoyment of the adults of the community, and any assistance or cooperation in any small way will contribute greatly towards the success of the affair.

Too, an appeal is being made to parents of the grammar grades and high school students of Bay High, Taylor and Webb Schools to offer their services to their children's respective teachers.

OUR TOWN

By WARREN J. CARVER

Two meetings have been held recently by the Board of Supervisors of Hancock County at which were present the members of the City Commission Council and other interested persons for the purpose of working out plans for financing the construction and operation of a 30 bed, \$300,000.00 hospital to be built in Bay St. Louis. The construction cost would be borne equally by the Federal Government which would appropriate one third; the state of Mississippi which would supply funds for the second third; and Hancock County and the municipalities of Bay St. Louis and Waveland which would pre-raise the last third. At the first of the two meetings, it was tentatively decided that of the \$100,000 cost to be raised from local funds, \$80,000.00 would be borne by the County, \$15,000.00 by Bay St. Louis, \$10,000.00 by Waveland, and the balance from private contributions.

That such a hospital is necessary, and that it would be an asset to our County, there is no doubt. But can we successfully finance the operation of such a community hospital after having to place ourselves in a \$100,000.00 debt for its construction? Provided the cost of the taxpayers ended with the expenditure for construction, we, as public officials, could say "yes". But let us read what Dr. D. V. Galloway, Executive Director of the Mississippi Commission on Hospital Care, has to say concerning the cost of operating a hospital. Dr. Galloway says that there are more than 100 hospitals in the State of Mississippi and the cost varies from \$2,000.00 to \$3,000.00 per bed per year. The cost per bed per day varies from \$6.00 to \$9.00. A few are operating for as little as \$4.00 or \$5.00 per bed per day but these are exceptional. Possibly one or two hospitals are costing more than \$9.00 per bed per day, but these also are exceptional.

By careful management, Dr. Galloway believes that a 25 or 30-bed hospital may be operated for approximately \$2,200.00 per bed per year. At the present time, hospital deficits are averaging approximately 10% of the total cost of operation per year. Under very poor economic conditions, such as during the last depression, deficits ran as high as one third of the cost of operation for the year. Because of this, if the contract is entered into with the County and municipal authorities for Federal and State grants, the Commission on Hospital Care requests those authorities to certify that they are in a position to guarantee a minimum of at least one third of the estimated cost of operating the hospital for a two-year period.

Let us consider exactly what this means. Granting that the hospital, if constructed, were carefully managed, the cost would amount to approximately \$66,000.00 per year. Of this amount, the County and the City would be called upon to guarantee \$22,000.00 of this cost for two years. Such a guarantee, if made, would have to be assumed entirely by the County. The City, which would be struggling under the burden of repaying its share of construction cost, would definitely find itself unable to make any guarantee for operating costs.

Even after the two-year guarantee period has passed, and granting that business conditions remained as at the present, the County and City would, according to Dr. Galloway, find themselves having to finance a \$66,000.00 yearly deficit.

Our citizens and public officials should pause and consider these figures before pushing such a project too fast.

Sisters Mrs. Naomi Newman of Wilmington, California, and Miss Mary Mollere of New Orleans, La., and five brothers, Louis of Oakland, California; Charles, David and Joseph of Waveland, Miss., and John of Bay St. Louis.

Bay High and St. Stanislaus Boxers to Meet at Bay High Gymnasium Thursday, Feb. 3

Big times are in the offing for Bay St. Louis boxing fans, because the Tigers of Bay High and the Rocks of St. Stanislaus square off against each other next Thursday night in Bay Hi Gym.

The two local schools meet for the second time in their athletic history, the first matches took place last year.

In the 1st meet last year the Tigers of Bay High carried off a close verdict, but such stalwarts as Schultz, Colson and McArthur are missing from this year's squad.

The Rocks will show such stars as Mills, Morreale, LaBruzza and Schwartz in next week's card.

The Rockchaw squad will show at least 10 of the following against Bay High: Fayard 60 lbs.; Kiefer 70 lbs.; Curran 80 lbs.; Gearheard 88

lbs.; Stimmel 92 lbs.; Caruso 95 lbs.; Simons 96 lbs.; Benvenuti 99 lbs.; Schwartz 101 lbs.; Busbee 106 lbs.; Mills 112 lbs.; Palermo 118 lbs.; Hatrel 118 lbs.; Curet 121 lbs.; Murley 122 lbs.; Guthrie 123 lbs.; Morreale 124 lbs.; Pyle 129 lbs.; LaBruzza 131 lbs.; Powell 143 lbs.; Hagg 170 lbs.

The Bay High roster includes: Vestil Poyadon 60 lbs.; Jennings 62 lbs.; Holloway 65 lbs.; Morel 73 lbs.; Randolph 73 lbs.; Donald Cole 75 lbs.; Corr 85 lbs.; Herring 87 lbs.; Fricke 88 lbs.; Hill 95 lbs.; R. New Model Chevrolet Exhibited

The Gulf Chevrolet Company exhibited the new 1949 Model Chevrolet car last Saturday. For several days the windows of the Chevrolet Company were blanked out and much mystery surrounded the arrangements. Al Voight the genial owner of Gulf Chevrolet went at length to put on a good show. The new car was set on a motor driven revolving stand in the show rooms, and it made a splendid demonstration. He had Miss Norma Collier, drum majorette of the St. Stanislaus Band, during the football season, on hand as hostess for the occasion. Throughout the day hundreds of people visited the show rooms, and all expressed much satisfaction for the 1949 Model Chevrolet. Picture above is Miss Collier, standing beside the new car in the Gulf Chevrolet Showroom.

TOO MUCH AT STAKE

In our editorial of last week as to the adoption of ordinance number 118 by the Mayor and Commission Council, we made mention that the citizens of Bay St. Louis could oppose the adoption of the ordinance by the filing of a petition signed by twenty per cent of the qualified voters of the City, and which petition when passed on, and adjudicated by the council that it carried a sufficient number of signers, would require the calling of an election to determine the adoption of the ordinance.

We were indeed quite wrong and did our face turn red, when on Thursday night, after the paper was printed, we took time out to read the ordinance, and lo and behold we found that the City Council had declared under section ten as follows: "THAT THIS ORDINANCE, THE PUBLIC WELFARE AND NECESSITY SO REQUIRING, SHALL TAKE EFFECT AND BE IN FORCE IMMEDIATELY AFTER ITS PASSAGE AND ADOPTION, WITHOUT DELAY FOR TIME FOR PUBLICATION OF SAME."

At the meeting when this ordinance was adopted by the commission council, we were present and asked the question as to what procedure had to be followed to oppose its adoption. The Mayor advised us that it was necessary to publish an ordinance for three weeks, and if a petition was secured with a sufficient number of signatures, it would be necessary to call an election. Taking for granted this was correct in so far as this ordinance was concerned we proceeded to write our editorial, and to lay plans to oppose its final passage. We were too slow. The smooth boys who operate the rackets, retain a very learned young attorney to handle their legal affairs, and he drew this ordinance. It was a closed affair in so far as the people of Bay St. Louis were concerned. To be perfectly frank, we think the members of the commission council including the Mayor, overlooked this clause. We cannot believe that our young mayor would have steered us wrong if he had known the contents of this resolution, nor can we reconcile ourselves to believe that a man elected to a position as head of our city government would knowingly offer a resolution declaring that an ordinance of this type was a matter of public welfare and necessity. If he believes it is, we are terribly disappointed.

Why was this ordinance made a closed proposition? Why was it so drawn that the people of Bay St. Louis would not have an opportunity to voice an opinion? Is it because the boys in the rackets dreaded the thought of an election on the question? If it is such a good proposition, as they would have you believe, why should they be afraid to allow the people of Bay St. Louis to have an opportunity to pass their judgment on it?

Frankly they are getting off cheaper than they have heretofore, by paying this little pittance to the City, and in so doing they will have the cooperation of your City Government in their illegal activities. Under this purported plan the City becomes a party to the operation of the slot machines and other gambling devices and to the payment of graft and bribery to law enforcement officers.

The boys in the rackets could not take a chance on letting the people of Bay St. Louis voice an opinion in this matter. There was too much at stake.

"From where I sit"
—by Joe Marsh

The Missus
"Ducks" Out

Old Jim took his missus duck hunting the other day. And after five hours of sitting in a swamp, she'd had enough! Going home, Jim reminded her good-naturedly of the time she'd taken him to a woman club lecture, and insisted that he sit it out.

So now the missus and Jim have an understanding. No more duck hunting for her—no more lectures for him. They decided each to his own taste.

It's because they can agree to disagree like that, I think, that Jim and the missus get on so well—content to stay home nights together, enjoying one another's company over a glass of beer and a game of checkers.

From where I sit, we can't all enjoy the same things—but we can share those little pleasures that we do enjoy—a glass of beer, a game of checkers, some music on the radio—and live-and-let-live when it comes to the others.

Keen Rivalry and Enthusiasm Is Being Shown in Hancock County Relay Races

All of the Public Schools of the County, both in the High School and Elementary Grades are showing great interest in the Hancock Relay Races come Feb. 22nd. In the High School Bay Hi, Kiln, Dedaux and Sellers 10 mile race, all four of the Schools are extremely confident. Each one called upon will battle for nothing but first place which assures the public keen competition. The elementary schools are just as determined. This race will bring

out a new feature which might be in a small way called a "Battle of the Sexes" as some of them will have a few girls making up the personnel of the team. At Aaron Academy, it is almost certain their great little girl runner, Evelyn Frierson will be one of the runners. This young girl won the individual trophy last year in the county field meet held at St. Stanislaus Stadium, for the best athlete on the field. This young lady scored the most points in her division outscoring some mighty fine athletes

of the other sex. Incidentally Evelyn if she keeps up her athletic prowess can very well some day be a national figure in athletics classing with Stella Walsh, Babe Didrikson and the other women who have brought glory to the United States. This girl is a natural and bears watching. She has speed, splendid coordination and the indomitable spirit which refuses to be beaten. There are several other young girls in the County who can also give a good account of themselves. This does not take anything away from the young boys who will be competing, but in some of the smaller schools, where the attendance is not large enough to have only boys in the race, some fast running girls will be used. The High Schools will rely entirely on the efforts of their boys as a mile run is a bit too far for girls. Mr. Gerald Price in charge of Traffic reports he has contacted Mr. Jos. Whitman of the Highway Patrol, Mr. Paul Egloff and several others. Mr. Robert Canors, General Chairman of the Race is making arrangements to have pictures taken of the races such as the starts and finishes and probably individual pictures. A meeting of the Coaches and Principals of the schools is being called for some day next week to discuss rules and regulations.

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

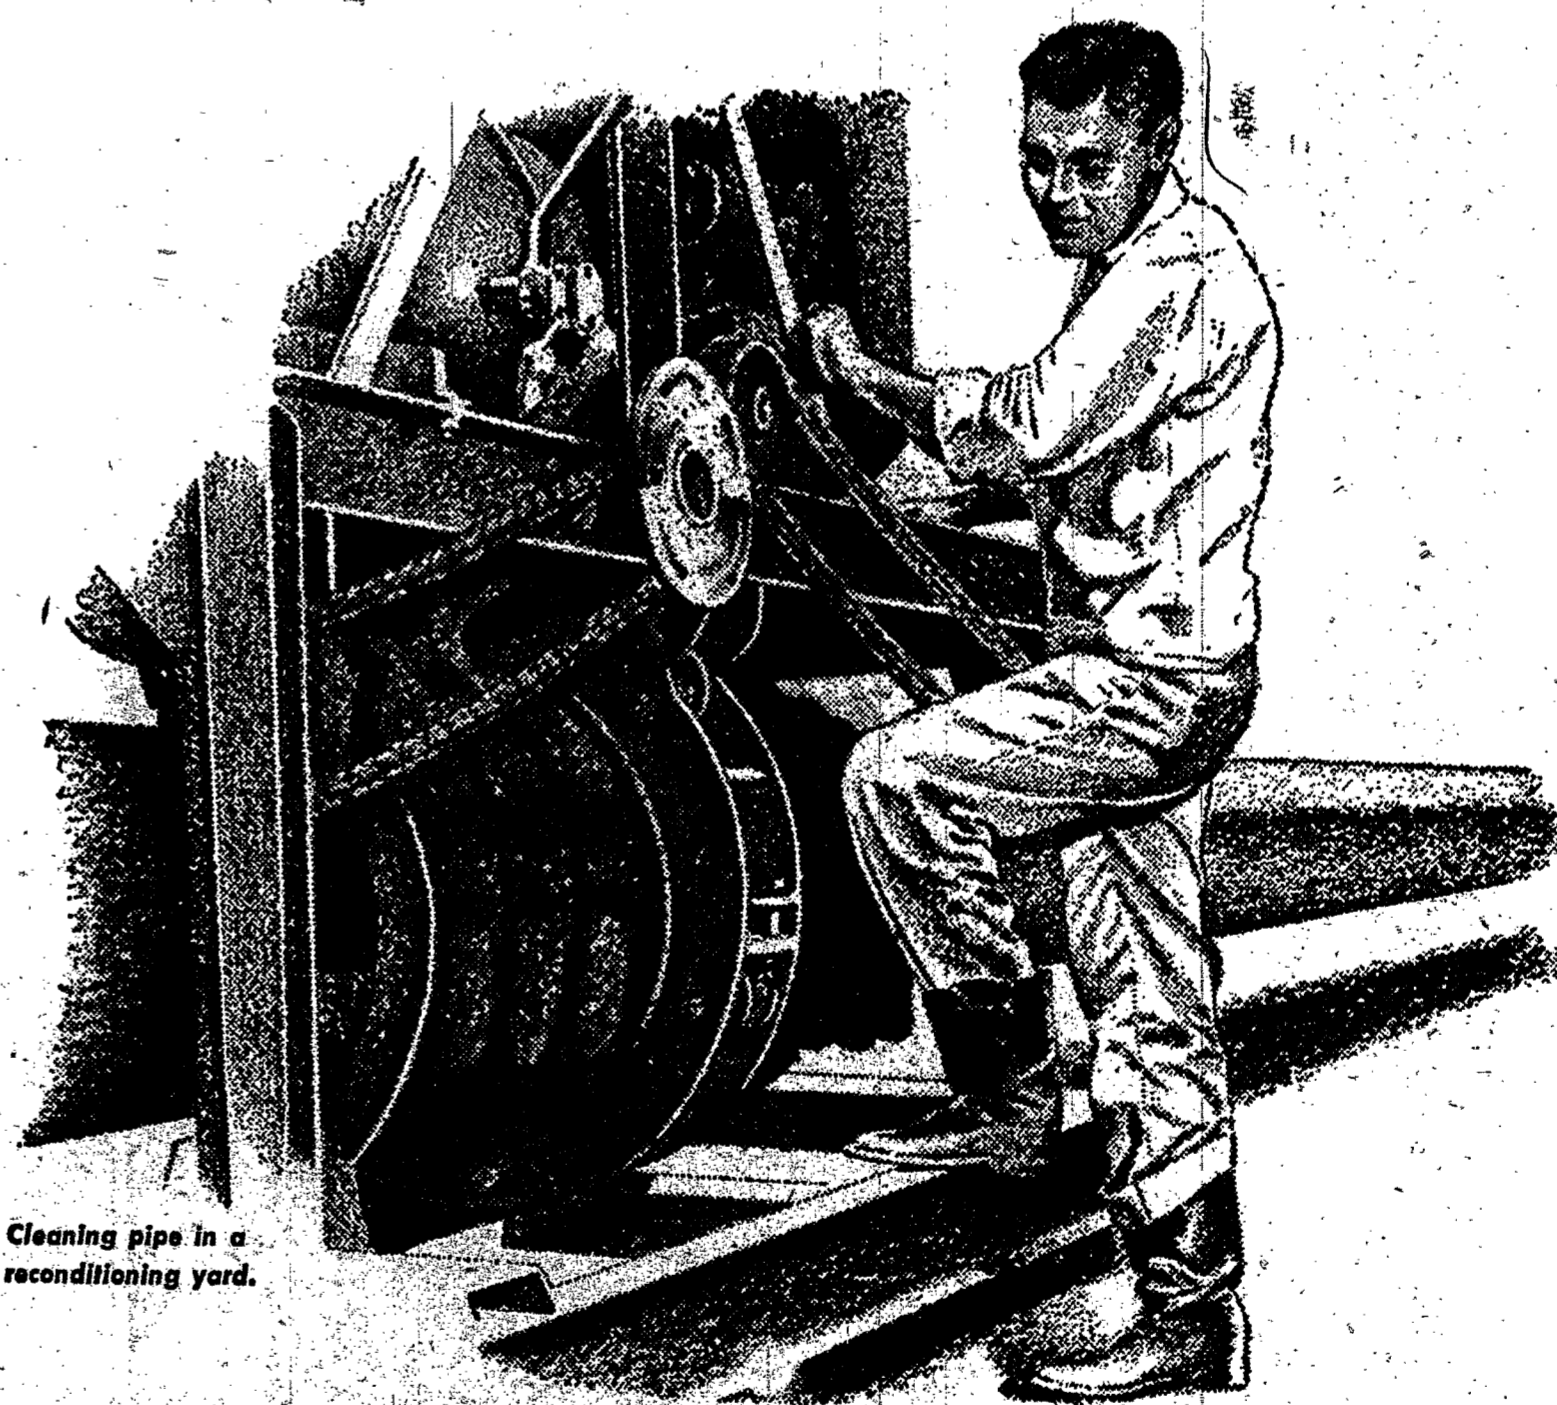

We are only 7% of the world's people, living on 6% of the world's land. Yet we in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

Cleaning pipe in a reconditioning yard.

STEEL

Bottle necks

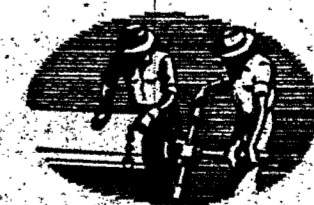

ARE HARD TO BREAK

United Gas is delivering more natural gas to more customers than ever before, but the demand is still not satisfied. The "bottle neck" is largely in the scarcity of steel pipe and other facilities required to move gas to market. To help meet the demand, we are investing large sums of money in rearranging pipe lines and in reconditioning used pipe, valves and similar equipment for use on our system where gas is most urgently needed. This is one of many functions of the United Gas organization, all of which have the ultimate purpose of assuring a more dependable supply of natural gas to our customers.

UNITED GAS . . .

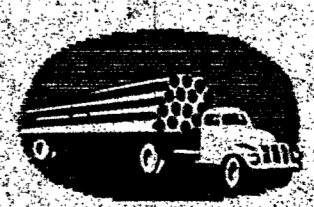

Serving the Gulf South

Pipe that has been removed from the ground for reconditioning and further use is cleaned and tested with all the meticulous care of new pipe. Hydrostatic tests, by which water is placed in a length of pipe under high pressure, are frequently used to locate possible weaknesses in the pipe.

If leaks are found, they are welded, and corroded areas are strengthened. The pipe is then coated and wrapped or covered with thick Seismic coating if destined for use under water or in swampy areas.

As soon as the reconditioning job is complete, the pipe is moved to locations where it can best help to meet the ever-increasing demand for natural gas.

"Adventure-That's Scouting"

The truth in that lively statement is clear to anyone who has watched the Boy Scouts program in action. Having seen the activities of the Scout Movement at close range, I can assure you that this year's theme for Boy Scout Week was wisely selected. And I'm sure that nearly all for the more than 15 million boys and men who lives have been affected by it since Scouting began in America thirty-nine years ago will agree with me.

You see, there is adventure in all phases of Scouting. There is adventure in tackling a job all by oneself, or with the gang. There is adventure in finding Good Turns to do every day. There is adventure in pioneering, exploring, outdoor living. But there is more to the Game of Scouting than just adventure. The action in Scouting appeals to a boy's impulse to be doing something. The meetings, hikes and camps are essentially periods of activity. Even the code of conduct is presented to him in terms of action—"Be Prepared," "Do a Good Turn Daily." In fact, the basic principle in Scouting is "Learning by Doing."

There is nothing negative in Scouting. There is no "go up in the attic and see what Johnny is doing and tell him he mustn't." There are no "Don't's." Scouting does not say "Don't rob birds' nests," but "Find out about birds." It does not say "Don't cut down trees," but instead, "Help Save the Trees." That is talking boy language—stimulating, not prohibiting. Bearing in mind this approach to the boys themselves, let's see how the program gets that way. Scouting becomes a reality in the life of a boy only because men volunteer to serve as leaders.

In the 39 years the Boy Scouts of America has been thriving, 3,143,507 men have voluntarily served the boys of the nation as Scoutmasters, Assistant Scoutmasters, Cub Scout Leaders, Senior Scout Leaders, Scout Commissioners, and in administrative supervisory capacities. Today, more than a half million men—557,057, to be exact—have found Scouting an important hobby. Closest to the heart of the Boy Scout Program are of course the Scoutmasters and Assistant Scoutmasters who give on the average of six hours a week to the boys under their leadership.

At the very beginning of the Boy Scouts of America, almost forty years ago, emphasis was placed on the right kind of leadership. This insistence upon high quality men for positions of leadership, who serve without pay, has never been lessened.

A Scoutmaster must be an American citizen at least twenty-one years of age, chosen because of his good moral character and his interest in work for boys. While he need not be an expert in all Scout activities, he must be able to command the respect of his boys in the management of his Troop, and he tries to attend all meetings and out-

ings of his Troop. He delegates as much of his duties as possible to his Assistant Scoutmasters and boy leaders (Senior Patrol Leaders and Patrol Leaders), giving them leadership opportunities and responsibilities. He makes use of experts in the various Troop activities. With the cooperation of the Troop Committee three or more male adults representing the parent institution—he is responsible for the general program and supervision of the Troop's work.

There are now more than 70,000 Boy Scout Units sponsored by institutions such as churches, Parent-Teacher's groups, lodges, labor unions, and other civic organizations, or by groups of citizens.

The Scoutmasters and their associates, together with the parent institutions, deserve the praise of all of us. However, judging by a study of a cross-section of volunteer leadership a while back, their personal compensation came as a result of the "friendship of boys." This is remunerative which no yardstick can measure.

Nearly half of the Scoutmasters said they volunteered to serve as a result of an intense personal interest brought about through their contacts with boys, others because of their friendship with men already serving as leaders, or because of their affiliation with a parent institution.

Here are a few round figures which will illustrate sharply how much the boys of America look to each of us to bring them the adventure in Scouting:

One million, one hundred thousand and boys become twelve years of age in America each year. Seven hundred thousand of them say they want to be Scouts. Four hundred thousand actually do become Scouts. Three hundred thousand each year cannot become Scouts because we do not have enough parent institutions and leaders.

Let's give them a "lift" by enabling them to find out—in actual practice, not by hearsay—why we believe in the spirit which states: "Adventure—that's Scouting!"

At the present time a six-week course of training for Scoutmasters and Committeemen is being conducted right here in the Bay-Pass District. The third session will take place this Friday, night January 28, at the scout house of Troop 217 back of the Church of Our Lady of the Gulf, starting at 8 P. M. Any men who are interested or care to become interested are cordially invited to attend.

CONSERVATION FORESTER

M. O. (MIKE) STARK

The International Paper Company announces the appointment of M. O. (Mike) Stark of Jackson as Conservation Forester for Mississippi and the Florida Parishes of Louisiana. Stark succeeds Bob Nonnemacher, who has been transferred to other

duties with the company.

The International Paper Company at present employs nine Conservation Foresters in the South. This position was created to encourage better cutting practices on private lands from which wood dealers and producers who ship to the company's mills obtain wood. In carrying out his duties Stark will observe the cutting operations on these lands and will report his findings to the Company.

Adherence to the cutting standards of the Southern Pulpwood Conservation Association and to the States Forest Harvesting Act is sought at a minimum. Selective cutting of pulpwood is encouraged and a free timber making service is offered to land owners.

Other activities which Stark will carry on are showing of forestry films, making talks to schools, civic and other groups, demonstration of proper cutting practices before both land-owners and wood cutters and preparing exhibits for fairs.

Mike graduated from the Louisiana State University Forestry School in 1939. Since that time he has been employed by private industry, the United States Forest Service

and the Mississippi Forestry Commission. He recently resigned as Forest Management Director with the Commission to enter his present work.

Mississippi on the March

The strides of Mississippi through 1948 were emphatic. The state gathered its second largest cotton crop in history, making 2,350,000 bales with an all time record yield of 444 pounds of lint cotton to the acre. It harvested its largest pecan crop. It processed its first tomatoes into catsup, exported its first soybeans in quantity. Progress was made in the improvement of its beef and dairy breeds.

Forty new industries were established in thirty-two towns and cities, during the year, representing an investment of more than \$50,000,000 and providing employment for 3,500 new employees. Of industries secured in 1948, wood using manufacturers led in volume. Others included textiles, processed milk, fertilizers, chemicals, brick, cement, asphalt, petroleum, electric power and a seaweed processing plant.

On January 1, Mississippi had 1,200 producing oil and gas wells, adding 259 wells and five new fields during the year. There was a total production of approximately 45,000,000 barrels of oil for the year, an increase of 27 per cent over 1947 and an 84 per cent increase over 1946. The state maintained its

position of ninth among the states in production.

The Mississippi Gulf Coast shares in a diversified prosperity that sweeps the state and the Mid-South. Port activity at Gulfport is on the increase and the resort and tourist business should be good in 1949. We enjoy full employment in this area.

Though 1948 was a year of fulfillment and promise, there is ample evidence that the war boom has passed its peak. Any forecast of the future would have to be predicted upon the problematical. The nation's economy will be subject to the impact of international situations and congressional conduct and the forces of inflation and deflation.

We look into 1949 with cautious optimism and with the usual conservatism that must be the constant watchword of a sound and constructive bank. The year should be good for those of us who are willing to produce a little more and spend a little less. Only through our labors and our frugality do we fortify ourselves against the financial uncertainties of the future.

COUNTY HEALTH OFFICER GIVES REPORT ON SCARLET FEVER

No new cases of scarlet fever have been reported in the last ten days. The cases that we did have were mild. In two instances the family physician was not called to treat the patient.

Scarlet fever is a disease that is epidemic throughout the state, that is, it occurs in scattered communities throughout the year. In the treatment of scarlet fever the family physician is far better equipped than formerly. The new drugs, penicillin and sulfa are used both as a preventative and treatment and in both instances act almost as a specific.

No Health Officer likes to predict or guess on what the future will hold, but let us hope that we will not have more than our share of this evil that has been pestering us.

RED CROSS NOTES

Recent reports of the American Red Cross, Hancock County Chapter, shows the enrollment has been completed in 16 elementary grade schools and four high schools. A few schools scattered throughout the county have not been heard from as yet.

Red Cross Activities during December are as follows: Waveland, Clermont Harbor, Bay High School and St. Joseph Academy. Junior Red Cross members made over 100 Christmas tree ornaments. Taylor and Valena C. Jones schools made several dozen nut cups. Menu covers were made by St. Joseph Academy students. These novelties were used for the Christmas party given for the veterans of the Gulfport Veterans Hospital on December 23rd, with the local Gray Ladies, co-hostesses. Refreshments were furnished by the Kings Daughters of Bay St. Louis. Christmas carols were sung by teen age high school and college young ladies.

Members of the Bay St. Louis Little Theater group had a rehearsal party, in Bay St. Louis. Refreshments were taken care of by St. Joseph Academy Parents Club. Bay Waveland Garden Club sent 7 gum drop Christmas trees as decorations for the Gulfport Veterans Hospital.

Womens Benefit Association sent a crate of oranges.

Mr. J. R. Schaff gave pipes and tobacco as gifts.

The Bay Rotary Club sent fountain pens, cigarettes and pipes, as gifts.

Wednesday, of this week, St. Margarets Daughters entertained the veterans at the hospital. Bingo, card games and general singing filled the program.

Individuals or organizations entertain the veterans, each month, as part of the American Red Cross Program of Volunteer Service.

Mrs. Lee Edwards, Junior Red Cross Field Representative, met with Junior Red Cross officials and other interested members of the Hancock Chapter, on Wednesday, January 19th, 1949, to discuss plans for the Junior Red Cross Program of Hancock County.

AN ORDINANCE NO. 118

AN ORDINANCE TO DISCOURAGE PROFESSIONAL GAMBLING AND THE OPERATION OF GAMBLING PLACES AND BUSINESSES IN THE CITY OF BAY ST. LOUIS; IMPOSING AND LEVYING TAXES UPON ALL PERSONS ENGAGED IN OPERATING ANY GAMBLING GAME AS A BUSINESS FOR PROFIT, OR OPERATING ANY PROFESSIONAL GAMBLING PLACE OR ESTABLISHMENT; PROVIDING FOR THE ADMINISTRATION AND ENFORCEMENT OF THIS ORDINANCE; PROVIDING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE; AND FOR OTHER PURPOSES.

WHEREAS, the Mayor and Board of Commissioners of the City of Bay St. Louis have determined that the laws and ordinances of the City of Bay St. Louis, prohibiting the unlawful possession and operation of games or gambling tables, commonly called A. B. C., E. O., Rouge et noir, Roredo, Slot Machines and other games or gambling devices, by reason of the attitude, feeling and sentiment on the part of a large segment of the citizenry of the City of Bay St. Louis, Mississippi, whose support is absolutely essential to the enforcement of such laws and ordinances, are ineffectual in discouraging and prohibiting the possession and operation of gambling devices in the City of Bay St. Louis, and that as a result of such general violation of the law, there now exists a condition that is deemed harmful to the general well-being of the citizens of the community; and,

WHEREAS, it is the belief of the Mayor and Board of Commissioners of the City of Bay St. Louis that such unlawful possession and operation will be impeded by the levying of tax on such gaming devices, and that thereby the relief which cannot be obtained by ordinary criminal, legal process can thus be obtained; and,

WHEREAS, it is the declared policy of the City of Bay St. Louis, to correct and eliminate as rapidly as possible, the condition aforementioned, and to discourage the unlawful possession and operation of gambling devices such as A. B. C., E. O., Rouge et noir, Roredo, Slot Machines, and other games or gambling devices, etc., and the Board of Mayor and Commissioners being of the opinion, that by virtue of the police power vested in the City of Bay St. Louis, that the council has the right and authority to make, ordain, and declare the following:

BE IT THEREFORE ORDAINED by the Mayor and Board of Commissioners of the City of Bay St. Louis, in regular session convened, as follows, to-wit:

SECTION I: There is hereby imposed and levied upon every person, co-partnership, or corporation engaged or conducting within the corporate limits of the City of Bay St. Louis, in the possession, control or operation of any of the devices hereinabove mentioned, which by reason of their manufacture or operation, are capable of being used for gambling, or any other game of chance, and which, from their nature, are classified by the general laws of the State of Mississippi as gambling devices, a tax which shall be in the following sum, to-wit:

On each and every gambling device herein mentioned, an annual tax of \$50.00, being based upon a monthly tax of \$5.00 per month, but payable in quarterly installments. Said tax is levied for each and every quarter of operation, and which sums shall be collected in the manner hereinafter provided.

SECTION II: The provisions of this ordinance shall apply to all of the activities, businesses and operations hereinabove enumerated and defined, which are prohibited either under the ordinances of the City of Bay St. Louis, or the laws of the State of Mississippi or the United States of America.

SECTION III: The administration of this ordinance shall be vested in and exercised by the City Assessor and Tax Collector, and payments of sums due hereunder shall be paid by the person, co-partnership, or corporation liable therefor, as hereinabove provided in the office of the City Tax Assessor and Tax Collector, in advance, on the first day of each month and before engaging in any unlawful above forth. The payments so received by the City Assessor and Tax Collector shall be handled and accounted for in the same manner as other taxes collected by him.

SECTION IV: To facilitate the administration of this ordinance, the Tax Collector is hereby authorized to prescribe the method and procedure governing the collection of the tax and the administration of the provisions of this ordinance, and any person, co-partnership or corporation liable for the tax hereby levied and imposed, and who may fail to pay the tax as and when due, shall be liable for a penalty in the sum of double the amount of the tax due from such person, co-partnership, or corporation.

SECTION V: The payment of any sum required hereunder, or the

issuance of any receipt for any payment, shall not make lawful any business, employment, transaction, activity or enterprise, which is contrary to, or violative of any of the laws of the State of Mississippi, or any ordinance of the City of Bay St. Louis and nothing herein contained shall be construed as legalizing the operation or possession of any gambling device herein referred to; nor shall it make lawful any other unlawful act prohibited by the State of Mississippi and the ordinances of the City of Bay St. Louis.

SECTION VI: The tax imposed by this ordinance shall be in addition to any other tax or penalty imposed by law.

SECTION VII: This ordinance is declared to be cumulative and supplemental to any and all other ordinances pertaining to or governing the subject matter hereof, and shall not in anywise amend or repeal any existing ordinances of the City of Bay St. Louis.

SECTION VIII: If any section, paragraph, clause or sentence of this ordinance be declared illegal or unconstitutional, or in conflict with the existing laws or ordinances of the State of Mississippi or the City of Bay St. Louis, or other paramount authority, it shall not impair the validity of the remainder of the ordinance, but all other provisions hereof shall remain in full force and effect.

SECTION IX: That any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor and, on conviction, shall be fined not more than One Hundred (\$100.00) Dollars, or imprisoned for not more than thirty (30) days, or both such fine and imprisonment, and each violation of this ordinance shall be construed as a separate offense.

SECTION X: That this ordinance, the public welfare and necessity so requiring, shall take effect and be in force immediately after its passage and adoption, without delay for time for publication of same.

"RACHEL AND THE
STRANGER"**

With Loretta Young, Robert Mitchum, William Holden

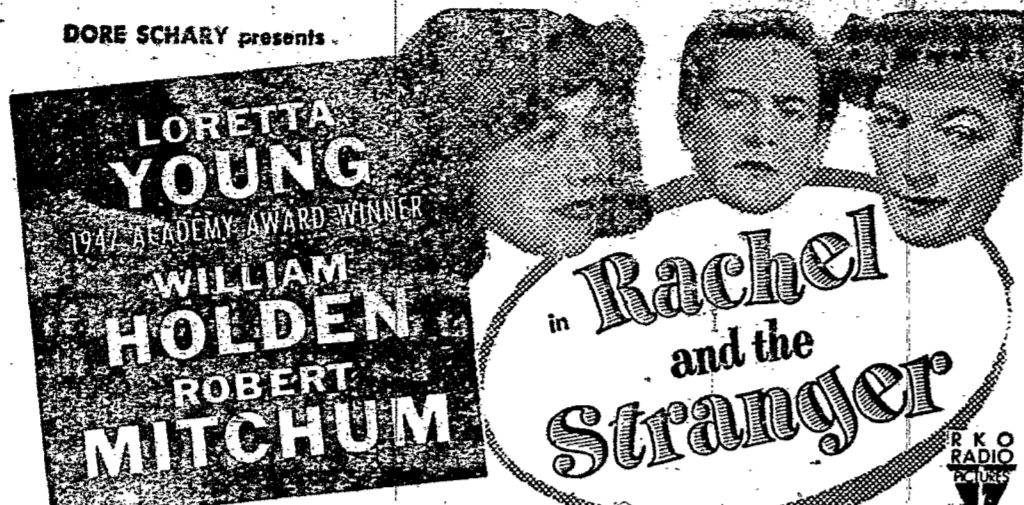

With the American border of a hundred and fifty years ago as its setting, RKO Radio's "Rachel and the Stranger" co-stars Loretta Young, William Holden and Robert Mitchum in an exciting story of romance and adventure.

Holden portrays an Ohio frontiersman who, when his wife dies, decides to marry again for his son's sake. Matrimonial resources at the nearest frontier settlement are limited, but he purchases a pretty young bondswoman (Miss Young) for twenty-two dollars, marries her, and brings her to his lonely cabin.

The boy, suspicious and resentful of the intruder, spurns her efforts to be friendly and even her new husband largely ignores her. But this situation changes when a roving hunter, (Mitchum) an old friend of Holden's, drops by for his semi-annual visit. His attentions awaken the bondswoman's unsuspected talents, and he quickly becomes interested in her to the point of offering to buy her from her husband. The ensuing crisis, complicated by an Indian attack on the cabin, spectacularly resolves the situation. Norman Foster directed "Rachel and the Stranger," with Dore Schary in charge of production. Young Gary Gray and Tom Tully as the frontier preacher head the supporting cast. Mitchum, as the wandering hunter and troubadour, displays vocal abilities in frontier ballads. Much of the offering was filmed in the Klamath Mountains of Oregon to give it a realistic forest background.

**ORGANIZE HANCOCK
COUNTY 4-H CLUB
COUNCIL**

The organization meeting of the Hancock County 4-H Club Council was held at Kiln High School January 26, 1949. Attending the meeting were thirty-two officers representing the following schools: Kiln, Dedaux, Leetown, Lakeshore, and Catahoula. Also attending the meeting were two adult leaders: Mrs. Mary Payne and Mr. Floyd Ladner. Mr. Simmons, County Agent called the meeting to order and explained the importance of having a 4-H Council.

Miss Blanche Goad, Associate State 4-H Leader from State College was then introduced. Miss Goad had the members of the Council divided into groups according to the offices they held as: President, Vice President and Secretary. She discussed their responsibilities and privileges as officers of the 4-H Club. She also informed them of some of the special 4-H Club activities in Mississippi for 1949.

Officers of the Council were elected as follows: President, Susie Ree Lee; Boy Vice President, Roy Cuevas; Girls Vice President, Margaret Cuevas; Secretary, Edna Ladner.

Our Mother of Sorrow high school of Biloxi here in St. Rose's gym. Valena C. Jones' Junior boys' team took their game well in hand and chalked up a victory, 25 to 11. The girls' game was close with Valena C. Jones losing by a score of 16 to 15.

The Varsity boys' game followed. It stayed close all the while, O. M. S. came out in front at the end of the first half. Valena C. Jones came back with better judged pass work and made all shots count. The score was close and the game ended in a tie. Two fouls were called against the Biloxi school, but the timekeeper said the game was over, although the whistle had not been blown. The game ended when Valena C. Jones conceded the victory by a score of 43 to 41.

On Friday night, St. Rose De Lima met Ocean Springs high school here in their gym. St. Rose's junior boys team won 13 to 9. The girls lost by a score of 40 to 22.

The boys' game was a fast one and with the leading score swaying back and forth to each team, this game ended in a tie, but with the extra minutes used to select the winner, St. Rose failed to tally soon enough and lost the game 43-40.

Annie Lamsux of St. Rose was high scorer with 26 points.

With Basketball season still in the spotlight a junior professional tournament was brought here on Sunday by the Kracksters Independent basketball club of this city. Teams playing in this were the Keesler Field Air Base, Biloxi, Miss., The Humming Birds of Gulfport, Miss., Picaune Tigers, Picaune, Miss and the Kracksters.

In the evening games Keesler Field played Picaune and with more speed and clever technique scored 62 to 48.

The game that followed was to decide who would play in the finals of the night game. The Kracksters played the Humming Birds, outshooting these professionals 46 to 37.

The Humming Birds met the Picaune Tigers in a well styled pass-work game. Picaune led throughout the first half and part of the third quarter, but the Humming Birds suddenly came out with good passwork and well timed shots to make the final score 46 to 43.

The Kracksters played the Keesler Field Flyers who defeated the local team 61 to 36.

The contest ended with Keesler Field the star team winning both of their games. The Kracksters and the Humming Birds tied for second place. Picaune placed third with two losses.
